I would like to request to appear in front of the Council as a formal delegation.

If we could please be issued a 10 minute time frame that would be appreciated.

The reason to talk to Council is in regards to the Berkley area drainage system that is being installed - as well as the conversation that I had with James Ridge and Richard Walton's yesterday. The residents would like an explanation to this issue.

As per conversation with the above the meeting for this will be Monday, January 9, 2006.

I thank you in advance. Please cc to my email address at home:
