QUESTIONNAIRE – RIVERSIDE DRIVE SPEED HUMP PROPOSAL: May 31, 2001

Please fill in this questionnaire in order to have your comments considered and recorded. It is necessary to provide your name & address. This information will be held in confidence.

NAME: _____

ADDRESS: _____ PHONE #: _____

The Proposed Speed Hump Plan is shown on the reverse of this page.

- Did you attend the first work session (Y or N)? _____
- Did you attend the second work session (Y or N)? _____

Note:

Some improvements to general safety are underway and are covered under existing budgets. These include extending the limestone sidewalk to the end of the street, addition of new hydro lease lights, and new "No Exit" signage. Extra police enforcement has also been approved by RCMP for 6 months as an interim measure to address speeding. In order to provide a permanent solution to the problem of speeding, we have prepared a proposal to add four speed humps for your review.

Please check one of the boxes below.

1. I support the speed hump plan as shown on the reverse of this page.
2. I support the speed hump plan with the following additions

3. I do not support the speed hump plan.

Please complete and return (or Fax) this questionnaire to the District Hall
